WORK EXPERIENCE

Audio Engineer and Music Producer
Self Employed | San Francisco | April 2018- Present

- Produce music samples and instrumentals for licensing and collaboration
- Proficient in recording and mixing music and vocals
- Creative sound designing and unique audio sampling

Bartender
ABV | San Francisco | June 2018 - Present

- Work closely with a stellar, award winning team of bartenders and chefs to design and serve original cocktails and refined classics
- Cultivate mixology and bartending techniques to offer an excellent guest experience
- Developing a deep knowledge of spirits, amari, and cocktail history

Assistant Engineer
Seth Drake | Oakland, CA | May 2017 - March 2018

- Assisted in producing, mixing, and mastering in a variety of EDM and hip-hop genres
- Honed proficiency with Ableton 9, Pro Tools 10, and Logic 9 & 10
- Built and interacted with RAID data management and servers
- Assisted in determining and installing room acoustic treatments

Mastering Assistant
Piper Payne | Oakland, CA | Jan 2017 - March 2017

- Provided session support for client attended sessions
- Prepped mastering sessions (file downloads, imports, initial QC)
- Created client deliverables from mastered files (master sequencing, file exports, DDP creation, Dropbox uploads)
- Quality control for master deliveries
