During the 6 weeks tour I am directly responsible for guest artists, band, singers, and dance troupe, as well as backstage set up, the dressing room load in/outs, lobby & stage call times and wardrobe. I assist the Tour Director & Production Manager with ad-hoc duties, and work as Asst. Stage Manager during the daily rehearsals and live shows. My duty of care also extends to the crew, their tour bus arrangements, and general welfare. I am also the designated mental health first aiders.

SOUNDSTORM by MDLBEAST: Oct – Dec 2022:

Technical Production Coordinator to Production Manager Andy Grey on the main Big Beast stage at Soundstorm Festival in Riyadh, Saudi Arabia. Responsible for the artist advance, artist & production schedules, running orders, office management, runner management, stage materials and DJ gear collation/procurement, daily meeting minutes and general administration and ad-hoc onsite duties.

INTRODUCTION:

My 28 years in the international music events industry have enabled me to build up excellent experience, a wide selection of transferable skills and a solid 360' vision of how multiple sectors of the events industry tick over. Since moving back to the UK after 18 years abroad, running some of the top events in the super clubs of Ibiza, I now enjoy the freedom that comes with being freelance. In summer the focus is on the UK's festival season and winter working/touring internationally, predominantly in the Middle East. I am a natural leader, very self-motivated and thrive in evolving, dynamic work situations. I demonstrate passion, initiative, and commitment to achieve objectives and build relationships, whilst being an honest, straight shooter with a robust work ethic.
